

MagnaPool Mineral Pool System

MagnaPool is the only trusted and authentic mineral water swimming pool that's beautiful to swim in and beneficial to your health and wellbeing.

ZODIAC

a better life

Health & Wellbeing

The magnesium naturally detoxes and balances your body and can help to relieve stress and anxiety and aches and pains

Science

The natural blend of magnesium and potassium is a healthier alternative to traditional pools

Environment

Eliminates harsh chemicals
MagnaPool diluted backwash water can be used to water your garden

MagnaPool works as efficiently and effectively as it does for one simple reason – it's an integrated system of products that work synergistically within the pool environment. All the components work together to bring you an unrivalled swimming experience.

One of the key components of the Zodiac MagnaPool system is the Hydroxinator, designed to provide perfect water sanitation. Working on the principle of electrolysis the Hydroxinator performs two main functions: Firstly it produces the required sanitiser to keep your pool healthy and safe; and secondly it produces magnesium hydroxide (milk of magnesia) that will relax and rejuvenate your muscles.

The other key components of the system includes, your choice of media filters combined with our premium Crystal Clear glass media for effective water saving filtration. And for the very best in pumps there is the choice of the FloPro single or variable speed pump range. And of course at the heart of MagnaPool is our unique patented blend of minerals. The only tested and scientifically proven pool mineral blend.

DESCRIPTION	MID HYDROX	LARGE HYDROX
Sanitiser Output capacity	25 gm/hr	35 gm/hr
Maximum* average pool size (litres)	70,000	100,000
Plumbing	40mm or 50mm (reducers provided)	
Operating mineral level	Ideal 5,000ppm	
Warranty on power pack and cell	3 years power pack and cell	

QTY OF MINERALS REQUIRED = 6 BAGS/10,000L (10KG BAGS)

RECOMMENDED BAGS OF CRYSTAL CLEAR MEDIA (15KG/BAG)	COARSE CRYSTALS	FINE CRYSTALS
21" Filter	1 Bag	3 Bags
25" Filter	2 Bags	5 Bags
28" Filter	3 Bags	8 Bags
32" Filter	5 Bags	13 Bags
36" Filter	6 Bags	17 Bags

*BASED ON A WARM WEATHER CLIMATE. ADJUST FOR COOLER OR HOTTER CLIMATES.
